Projects

MixMe

| GitHub <https://tinyurl.com/yx9tevn6>

| Deployed <https://tinyurl.com/y598ysr2>

- MixMe is a web application that searches drink recipes by ingredients. It is a helpful tool to learn how to make and search for new drinks.
- Led front-end development on this project, creating responsive layouts and designing the UX/UI. Also developed the creative assets e.g. the logos.
- Tools and languages used include Foundation, CSSShake, JavaScript, CSS, along with JSON and AJAX for API interactions.

Spontaneously Now

| GitHub <https://tinyurl.com/yy2rqxny>

| Deployed <https://tinyurl.com/y22c6alr>

- Spontaneously Now is a web application that suggests spontaneous suggestions of activities to do when the user is looking for something to do or a place to go. It also doubles as a journal to keep track of memorable events and even plan for future ideas.
- Led back-end development, integrating four third party APIs seamlessly working with the database. Developed the creative assets and directed general UX/UI development.
- Tools and languages include Foundation, CSSAnimate, JavaScript, Sequelize, Express, Moment, Handlebars, AXIOS, and AJAX, all organized with a MVC structure.

Experience
